Operations

◣ Button Description

Short press/click Long-press for 1s Long press for 3s Long press for 5s

◣ Basic Operation

On & Off / Battery Level Please fully charging before using

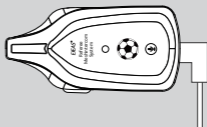

Power On

Press and hold (about 1s) the <power button> until the blue light flashes and a power-on beep sounds. After powering on, it is in standby mode and the blue light flashes slowly.

● Blue light flashes slowly ◀ "Di Di Di"

Power Off

Press and hold (about 1s) the <power button> until you hear the "power off" tone.

Reset: Press the <Power button>+
   <Intercom button> at the same time.

Battey Level

When using USB charging, the red light is always on. When the battery is low, the red light flashes twice quickly and there is a voice prompt of "low battery". When the battery power is too low, the device automatically shuts down.

Battery Enqury

Press and hold (about 1s) <plus button> + <minus button>, and the voice will announce the battery level {high/medium/low}.
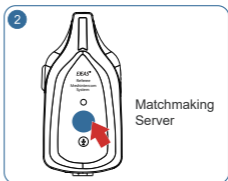

● Red light flashes quickly ◀ "Low battery"
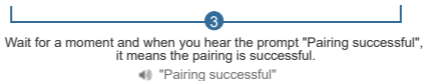

MESH System

All walkie-talkies first enter the Mesh system intercom pairing state, press and hold the <intercom button> (about 5s) Until you hear the prompt "Mesh system pairing", the red light and blue light flash alternately.

🔴 Red/blue light flashes alternately
🔊 "Mesh System Pairing"

Matchmaking Server

Take one of them as the pairing server, short press the <Intercom Button>, you will hear a "beep" sound and the red and blue lights will flash alternately.

🔴 Red light and blue light flash alternately
🔊 "Beep"

③ Wait for a moment and when you hear the prompt "Pairing successful", it means the pairing is successful.

🔊 "Pairing successful"

④ Wait a moment and hear all the walkie-talkies prompt "Pairing Successful". At this time, pairing has been completed and you can talk to each other and hear each other's voices.

Mesh intercom reconnection

Short press the <Intercom Button> and it will prompt "Enter Mesh System". After a while, it will prompt "Pairing Successful" and you can start intercom.

Close Mesh intercom

To turn off Mesh intercom, press and hold the <Intercom key> (about 1s), and it will prompt "Mesh system is shut down".
